Dear Minister Morneau:

Re: Business Interruption Insurance

In this unprecedented time of the COVID19 pandemic, businesses are extremely worried about their ability to pay their bills and continue business operations.

It has come to our attention that many insurance policies do not provide business interruption insurance for pandemics despite the fact that Government has actually ordered many of these business to be closed.

The Mississauga Board of Trade (MBOT) would like to request that the Federal Government provide a back stop to the insurance companies in order for them to provide business interruption insurance to Canadian businesses.

We are certain that you could have discussions with the Insurance Bureau of Canada in this regard.

Thank you for your attention to this matter.

Yours truly,
